❖ **International Friends**

Would you like to be paired with an “International Friend”—an adult from the Fort Collins community who shares some of your interests? This is **not** to provide housing; instead, this program encourages international students and scholars to get off campus and into the home of a community member, and allows community members to build international friendships centered in Fort Collins.

Community friends will include you in some family activities such as birthday parties, holidays and picnics and to provide a welcoming place for you to feel at home. Through the friendships that develop, both hosts and students increase their awareness and appreciation of other cultures.

Please contact Jean Griswold at friends@fortcollinsinternationalcenter.org for more details.
