

INFORMATION ABOUT INTERNATIONAL PAYMENTS TO COLORADO STATE UNIVERSITY

Colorado State University is working with Western Union Business Solutions to provide international students an alternative method to paying student bills. This payment option allows you to pay your student account balance in the currency of your choice and provides a simple and reliable way of initiating payments electronically.

You have a lot to think about when applying to a university abroad, including entering international markets to make payments for tuition and other university fees. Some of the complications you can encounter using current payment processes (international wire transfers or bank drafts) include:

- Payments are in a currency different from your local currency.
- International wires are costly due to high banking fees.
- Retail exchange rates are high.
- Payment details provided by your banking institution to the university are sometimes incomplete, which can cause additional time for the university to apply the payment to your student account.

Advantages of using this payment method include:

- You can easily obtain a foreign currency quote by choosing "International Funds" as your payment method on RAMweb or FAMweb
- You make your payment in the currency of your choice which will then be converted to U.S. Dollars
- There are NO additional transaction charges from Western Union Business Solutions or Colorado State University, though you may be charged a transaction fee by your bank
- The exchange rate is valid for 72 hours after the transaction is initiated, taking the uncertainty out of the total payment amount
- The exchange rate is competitive when compared to most banks' retail rates
- Payments received will include your reference information, which ensures that your payment reaches your student account quickly
- Payments will be electronically transmitted to Colorado State University ensuring timely posting, typically 2-5 business days from when you initiate the payment
