CURRICULAR PRACTICAL TRAINING (CPT), OPTIONAL PRACTICAL TRAINING (OPT), AND H-1B

INTERNATIONAL STUDENT CAREER GROUP
SPRING 2017
CURRICULAR PRACTICAL TRAINING (CPT)
Curricular Practical Training (CPT) Definition

Regulation 8 C.F.R. § 214.2(f)(10)(i)

(i) Curricular practical training. An F-1 student may be authorized by the DSO to participate in a curricular practical training program that is an integral part of an established curriculum. Curricular practical training is defined to be alternative work/study, internship, cooperative education, or any other type of required internship or practicum that is offered by sponsoring employers through cooperative agreements with the school. Students who have received one year or more of full time curricular practical training are ineligible for post-completion academic training. Exceptions to the one academic year requirement are provided for students enrolled in graduate studies that require immediate participation in curricular practical training. A request for authorization for curricular practical training must be made to the DSO. A student may begin curricular practical training only after receiving his or her Form I-20 with the DSO endorsement.
What is Curricular Practical Training (CPT?)

- CPT is required or optional employment that is an INTEGRAL part of an established curriculum as listed in the immigration regulations. It must have a strong and measureable connection to the student’s academic program.

- Must be approved by an International Student Advisor after they review your request to determine if it is part of the curriculum or just employment in your major field of study.

- Employment which is just in your field of study does not qualify for CPT! It must be an established part of your academic curriculum.

- CPT can only be done before completion of your degree program.

- Graduate students who miss the graduate school’s graduation deadline are considered to have completed their program and are no longer eligible for CPT the following semester (even though you are required by the graduate school to register for Continuous Registration).
General Criteria for F-1 CPT

- Maintaining F-1 status.

- Enrolled full-time in your degree level for at least 1 academic year prior to beginning CPT.

- Graduate students may qualify earlier for CPT only if required by their academic program.

- CPT that is not listed as a degree completion requirement will be limited to 3 terms (including summer) of CPT authorization per degree level by ISSS. Your academic department may have stricter limitations.
  
The exception to this will be students working on thesis/dissertation research.
Part-Time vs. Full-Time CPT

Part-Time CPT (20 hours per week or less)

- Students must maintain full-time academic enrollment.
- Will not affect eligibility for OPT.

Full-Time CPT (More than 20 hours per week)

- Students are only required to register for an internship course, thesis/dissertation credit, or CR.
- Students who use 12 months of full-time of CPT will lose eligibility for OPT.
CPT Application Packet

- Completed Request for CPT Authorization application form (available on ISSS website)
- Completed & signed Academic Advisor Form
- Completed Employer Form
- Completed application should be turned in to ISSS a minimum of 2 weeks prior to desired employment start date
Choose your start and end dates.

Authorization can only be granted for one semester at a time, with the exception of programs overlapping with winter and summer break.

*Note: If you are participating in a residency program that requires CPT, approval is only needed once a year.*

Select full-time or part-time CPT.

Sign to verify that you have read and understand all the instructions on page 2 of the CPT application packet.
CPT Academic Advisor Form

- Academic advisor must outline the learning objectives of the employment and explain how the opportunity is an ‘integral part of the student’s established curriculum’.

- Will need to know who will be evaluating the CPT to determine if learning objectives were met.

- Signature is required by the student’s Academic Advisor.
CPT Academic Advisor Form

Four Possible Reasons for CPT:

1. The employment is required for the student’s degree.
   Must be documented as such in an official university publication.

2. The employment is required to earn internship or independent study credit for which the student will be registered.
   Students must be registered for the appropriate credit before the CPT can be authorized.

3. The employment will provide research that is necessary for the student’s thesis or dissertation.
   Student must be registered for CR or thesis credit during the Fall and Spring terms.

4. The employment will yield a project for a particular course that is required by the student’s degree program.
   Note: This could include a paid internship that is one of several options required for a specific course.
CPT Employer Form

- Job title and duties
- Number of hours per week
- Start and end dates of employment
- Physical address of employment
- Supervisor contact information and signature

Additional Considerations

- You may not begin CPT until you have a new I-20 authorizing the CPT employment.

- You may not work before the start date or past the end date listed for your CPT authorization.

- Employment for the primary purpose of gaining work experience and financial remuneration does not qualify for CPT.
OPTIONAL PRACTICAL TRAINING (OPT)
OPTIONAL PRACTICAL TRAINING DEFINITION

8 C.F.R. § 214.2(f)(10)(ii)(A)

(ii) Optional practical training –
(A) General. Consistent with the application and approval process in paragraph (f)(11) of this section, a student may apply to USCIS for authorization for temporary employment for optional practical training directly related to the student's major area of study. The student may not begin optional practical training until the date indicated on his or her employment authorization document, Form I-765. A student may be granted authorization to engage in temporary employment for optional practical training
WHAT IS OPT?

- OPT is temporary employment for practical training in your field of study (the major/program listed on your I-20)

- OPT is a benefit of your F-1 status. It is not a separate status.

- OPT is available at each progressing degree level.

- OPT can be approved for up to 12 months of employment authorization.

- OPT requires approval from USCIS (United States Citizenship and Immigration Services).

- Can be done either before (pre-completion) or after (post-completion) your degree program.
PRE-COMPLETION OPT

- Used for employment before your academic program is completed.
- Unemployment is not counted.
- Limited to 20 hours per week during fall and spring semesters.
- Does not qualify for STEM extension.
- May extend I-20 if extra time is needed.
- Pre-Completion OPT time is subtracted from Post-Completion eligibility.
POST-COMPLETION OPT

- Used for employment after academic program is completed.

- Unemployment counts.

- Must work full-time (20 hours per week or more).

- May be able to apply for STEM extension.

- Eligible for cap gap extension.

- Cannot extend I-20 if degree is not completed.

- Graduate students may be able to apply during thesis/dissertation period.

The rest of this presentation will focus on post-completion OPT, as post-completion is far more popular. See an international student advisor with questions about pre-completion OPT.
TIMING OF OPT APPLICATION

- Before applying for post-completion OPT, you must choose your program completion date.
  - Undergraduate students = graduation date
  - Graduate students = either defense date or graduation date

- Graduate students who miss the graduate school’s graduation deadline must use a program completion date within the semester they completed their defense. Even though you are required by the graduate school to register for Continuous Registration the next semester, for immigration purposes you are considered to have completed your program.

- You can apply for OPT up to 90 days before and up to 60 days after your program completion date.

- You must choose your requested OPT start date. This can be as early as the day after your program completion date or as late as 60 days after your program completion date.
OPT TIMELINE:
EACH BOX REPRESENTS 1 MONTH

90 days before program end date:
Earliest date to apply for OPT

Program end date

60 days after program end date:
Application must be received by USCIS

14 months after program end date:
OPT must be completed, regardless of when it started
SCENARIO 1: YOU WILL GRADUATE MAY 13TH AND WANT TO START WORKING IMMEDIATELY

February 12:
Can apply
Should apply

May 13:
Program ends

May 14:
OPT starts

May 13, 2018:
OPT ends
SCENARIO 2: YOU WILL GRADUATE MAY 13TH AND WANT SOME TIME OFF BEFORE YOU START WORKING

February 12: Can apply
May 13: Program ends
July 12: Start date

We recommend applying before mid April

July 11, 2018: OPT ends
SCENARIO 3: YOU WAIT UNTIL THE LAST MINUTE TO APPLY

This scenario is allowed, but **not recommended**, as it will not give you a chance to maximize your OPT benefit.

- **May 13:** Program ends
- **Early July:** Apply for OPT
  - Choose July 12 as start date
- **Sometime in October:** OPT approved
  - Start working
- **July 11, 2018:** OPT ends
HOW TO APPLY

- Complete an OPT application packet (available from ISSS website).

- You do not need a job offer to apply for OPT but can include an offer letter with your application if you have one.

- Submit completed application to ISSS two weeks in advance.

- Please note that USCIS has been processing applications slowly in recent months and has not been expediting applications that are already pending, even with job offer letters. We recommend applying early, especially if you want to work shortly after graduation.
APPLICATION CHECKLIST

- Completed OPT application packet (available from ISSS website).
- Completed I-765 form
- Copies of passport, visa, and I-94
- 2 new passport sized photos (taken within the past 30 days)
- $410 check, money order, or cashier’s check made out to U.S. Department of Homeland Security
- Copies of any I-20s with CPT/OPT authorization
I-765 APPLICATION

- The address given will be where your EAD card will be sent. THE POST OFFICE WILL NOT FORWARD MAIL FROM USCIS!

- If you don’t know where you will be living in 3 months, you can use the ISSS office address.

- Please see the ISSS application packet for more information on how to complete the I-765.

- Make sure to sign between the lines.
HOW TO APPLY (CONTINUED)

- Pick up your new OPT endorsed I-20 and application packet when you receive an email stating it is ready.

- Sign and date your new I-20 (original and copy).

- Keep the original I-20 and mail the copy of your signed I-20 with the complete OPT application.

- ISSS will prepare the packet for you, but you must mail the application.

- Your OPT application must be received within 30 days of the date your new I-20 was created.

- Your OPT application must be received no later than 60 days after your program end date.
AFTER YOU APPLY

- A few weeks after you submit your application, you will receive a notice (I-797) in the mail from USCIS that will include your receipt number.

- Go to the USCIS.GOV “case status online” website and enter your receipt number. It will show you the status of your application, and will update once it’s been approved.

- It is in your best interest to NOT call USCIS National Customer Service to inquire about your application or to request an expedite. This can actually lengthen your application processing time.

- Contact an international student advisor if your application has been pending for longer than 90 days.
AFTER YOU RECEIVE YOUR EAD CARD

- Send ISSS a copy.

- Do not start work before receiving your EAD or before the start date on the EAD.

- Do not work after the expiration date.
MAINTAINING STATUS DURING OPT

- You must have a job or training opportunity that is directly related to your degree.

- It is up to you to determine if the training is related to your degree. The ISSS Office does not decide if your training is related. You need to feel comfortable justifying the work you are doing if you are ever questioned by an immigration official.

- If you change your status prior to the end date on your OPT, please send ISSS copies of your new immigration documents.

- After you complete your OPT, submit a departure form to ISSS.
TYPES OF EMPLOYMENT ALLOWED UNDER OPT

- Regular paid employment (can be one employer or multiple employers)
- Payment by multiple short-term employers
- Work for hire
- Self-employed business owner (consult with an attorney if you want to pursue this option)
- Employment through an agency
- Unpaid internships
- Volunteer work (remember this option!)
EMPLOYMENT AND UNEMPLOYMENT DURING OPT

- During OPT, your F1 status is contingent upon employment.

- You are permitted up to 90 days of unemployment during OPT. During periods of unemployment, weekends and holidays are counted toward this 90 days.

- During periods of employment, weekends and holidays are not counted toward the 90 days.

- To stop the unemployment clock, you must submit an OPT reporting form to ISSS by email at the beginning of your employment and every 3 months.

- Every day without a job reported to SEVIS counts as unemployment. Working less than 20 hours per week also counts toward unemployment.

- On the 91st day of unemployment, you would be out of status and need to depart the USA.
REPORTING REQUIREMENTS DURING OPT

- OPT is a benefit of F1 status, so the ISSS office will continue to maintain your SEVIS record throughout your OPT period.

- You must submit an OPT reporting form to ISSS within 10 days of any changes to the following information:
  - Employer
  - Mailing address or email address
  - Change of legal name

- You must also submit an OPT reporting form every 3 months, even if nothing has changed.

- Every day without a job reported to ISSS/SEVIS counts as unemployment!
MAINTAIN RECORDS FOR EACH JOB

Secure a letter from each employer with the following information:

- Company name and address
- Job title
- Supervisor contact information
- Description of the work and how it is related to your field of study
- Dates of employment and the number of hours per week

- This is especially important for volunteer work!
INTERNATIONAL TRAVEL DURING OPT

- Travel outside of the U.S. while your OPT application is pending is not advised. There is increased risk involved.

- Travel once your OPT has been approved is acceptable but you must:
  - Carry a letter of employment
  - Carry your EAD card
  - Have a valid F-1 visa and passport (valid for 6 months into the future)
  - Have a current travel signature on your I-20 (less than 6 months old)
GRACE PERIOD AFTER OPT

- If you maintain your F-1 status throughout your OPT period, complete your OPT, and do not exceed your unemployment time, you are entitled to a 60 day grace period starting on the employment end date.

- During this time you can receive a new I-20 to begin a new academic program (within 5 months), transfer to a new school, apply for a change of status, or travel and depart the United States.

- During the grace period, no work is allowed.

- If you decide to stop OPT or accumulate 90 days of unemployment, you are not eligible for a grace period.

* Advanced Degree Exemption - first 20,000 with a Master’s or higher degree from a U.S. institution don’t count against the cap

Timing – Cap-subject employers file H-1B petitions based upon the Federal Government’s fiscal year. (Petitions filed in April for an October 1st start date.)
AVOIDING THE H-1B CAP

- Cap-exempt employers:
  * Higher education employers
  * Non-profit organizations related to an institution of higher education
